

## MILESTONES UNLOCKED: LATEST ACHIEVEMENTS OF THE GIF PROJECT

The **GIF Competence Framework**, accessible for download, serves as a vital instrument in tackling the challenges within the fashion industry, offering a definitive roadmap for competency enhancement and identification.

With its emphasis on standardizing skills, clarifying roles, and fostering ongoing improvement, this framework plays a pivotal role in facilitating training, evaluation, and career advancement within the sustainable fashion sector.

## HOW TO USE THE GIF COMPETENCE FRAMEWORK

- 1 Get acquainted with the **GIF Competence Framework**, modeled after the European Qualifications Framework (EQF), emphasizing EQF levels 4-5.
- 2 Use the **GIF Curriculum** (now available) to compile educational unit(s) alongside online training courses and a training kit, offering comprehensive resources for each topic across the three Competence levels.

## COURSES AND PLATFORM GUIDE AVAILABLE!

The **GIF short** learning programme (FREE) consists of **three (3)** Modules composed of **ten (10)** Units. The core element of each unit consists of video lectures linked with activities for learning by doing, potentially including interactive exercises, assignments, simulations, and case studies.

### MODULES

1

#### New Regulations in fashion and textiles industry

EU has developed a strategic and legal framework for the textile and fashion sector, aimed at promoting sustainability, reducing the sector's environmental impact, and improving the procedures.

#### Promote the transition to a circular economy

An economic model that aims to keep resources in use for as long as possible, is a way to reduce the environmental impact while also creating new economic opportunities.

2

#### Circular Design

This approach considers the entire lifecycle of a product, from raw material extraction and manufacturing to use, repair, and end-of-life disposal or recycling.

3

## GIF PROJECT LAUNCHES THE PILOT TRAINING PROGRAM FOR A GREENER FASHION/TEXTILE SECTOR

Over the past **two months**, the entire GIF consortium conducted pilot training sessions with esteemed Vocational Education and Training (VET) professionals, as well as representatives from fashion industry companies, SMEs, trainers, interested students and consumers, environmental consultants, and public authorities. This pivotal step is aimed at validating the effectiveness and applicability of our course

## GIF TEAM IN THE LAST TRANSNATIONAL MEETING IN ROME

On **February 15th**, the GIF team gathered for the final transnational meeting, overseen by project coordinator **UNINETTUNO**. This hybrid meeting served as a platform for discussing the latest project activities. We also took the chance to showcase the outcomes of the Multiplier Events conducted by **FHM, IEF, and DIMITRA**, emphasizing positive feedback and suggestions for improving our online course. Additionally, **UNINETTUNO** and **CNCPD** will host their own Multiplier Events towards the end of the project.
